REMINDER FOR SUBMITTING BATCH CLAIMS

NCTracks has recently received feedback from providers that they are unable to upload batch claims. This is generally caused by missteps when submitting batch files. NCTracks has put together a quick reference guide to help providers avoid common mistakes. Visit [Submitting Batch Claims](#) to learn more.

UPDATED PROVIDER PERMISSION MATRIX AVAILABLE

The Provider Permission Matrix (PPM) located on the [Provider Enrollment page](#) has been updated. Providers are encouraged to download the updated version to see if their taxonomy enrollment requirements have been updated. The PPM is a great asset for providers to determine what is required for enrollment and/or re-verification (such as fingerprinting, site visits, etc.) depending on provider type.

NCTracks CALL CENTER CLOSED GOOD FRIDAY 2021

The NCTracks Call Center will be closed on Good Friday, April 2, 2021 in keeping with the State holiday. The Pharmacy Prior Approval Unit will be open holiday hours from 7:00 a.m. to 6:00 p.m. on Friday.

The NCTracks checkwrite schedule is not affected by the Good Friday holiday.
